

PATCHCORD SM G652D

SC-APC

FEATURE & VIEWS

- Suit for Single Mode / Multi Mode Simplex cable
- Good temperature stability
- High quality connectors
- Receive and transmit legs clearly indicated Low insertion loss, High return loss.
- Good repeatability, Mutual thrust performance
- Widely used to connect the trunk cable wiring devices
- Conform to the IEC 874-7, TIA/EIA568 - B - 3 CECC86115-80 industry standards

SPECIFICATION

Low insertion loss
High return loss
Good exchange ability
Good durability
High temperature stability
100% interferometer measurement
Telcordia GR-326-CORE

APPLICATION

Fiber Optic Telecommunications
LAN (Local Area Network)
FTTH (Fiber To The Home)
CATV&CCTV
High speed transmission systems
Fiber optic sensing
